Tank Girl 1 (Remastered Edition) (Bk. 1)

Synopsis

Sheâ™s back to wreck her own unique brand of havoc! From the depths of the outback she charges, astride her fabulous tank! Run for the Hills! Itâ™s... Tank Girl! Join everybodyâ™s favourite beer-swilling, chain-smoking, kangaroo-worrying lunatic as she blitzes her way through a dazzling array of bizarre adventures, including bounty hunting, delivering colostomy bags to Australian presidents, kangaroo boxing... and many more outrageous and mind-warping thrills! Marking the 20th anniversary of Tank Girl, with a new introduction from Alan Martin, and rarely seen material from Jamie Hewlett, this is the start of the ultimate collection. Presented for the first time, in chronological order and in glorious black and white - the way nature intended! Warning: Adults only!

Customer Reviews

Being somewhat a cult comic fan, I'm always on the lookout for REALLY original looking stuff. So when I heard about "Tank Girl," I HAD to check it out. This compilation series starts off with Alan Martin, the writer of Tank Girl, giving an introduction talking about the source of inspiration for Tank Girl among other things. The series itself is pretty random and childish, but also very funny, violent, sexy and stylish. It's mostly about a girl in her early twenties driving a highly armed tank around a post-apocalyptic Australia. Lots of boozing, nudity and kangaroo jokes. This volume shows all the Tank Girl stuff from the first 8 issues of Deadline in the original black and white forms, which can be problem because :A.) Some of the words are sort of faded, but not too bad.B.) All you people who constantly demand to see color in movies, comics and music will be sorely disappointed. Anyway,

as a newcomer to the series, I was happy with it, but for the rest of you veteran fans, there's probably not too many reasons for you to replace the previous compilations you bought years ago with this one.

I love Tank Girl! She has a crazy attitude but does show some very tiny soft spots in her personality. Funny, witty, stylish!! Anyway, i ordered some of the books that arrived in great condition. They arrived in the timeframe specified and i thoroughly enjoy them. I plan on continuing to add to the collection here and there when possible.

Loved it. Awesome art, super fun plot and hilarious script. Paper and print quality is really good, I generally prefer paper that is not glossy. Maybe 5 stars are too much but i feel like 4 is just not enough. I would really prefer 9 over 10!

Always have loved Tank girl. She's a splendid mix of destruction, intelligence and bad-assery. I love her outfits and how she was drawn and the dialogue definitely made me chuckle quite a lot. I'm most definitely adding her to my cosplay list. Trust me you'll enjoy this one and the rest of the collection.

The story is funny, and kinda crude but you probably knew that if your looking at this. I mainly like it for the kookie stuff an the art work by Hewlett who done work for the gorillaz. I really like his art style and that's the original reason for me picking this up

This is a must-read comic, definitely worth having in your library, would recommend to all, although it can be a bit cheeky at times. This trilogy is at least the minimum amount of tank girl one should have read.

I love Tank Girl, and this book was put together with care :) The prints are amazing and the binding is solid. I bought the rest of the editions as well and they're all equally satisfactory!

As the forward describes, the tank girl one book is a conglomeration of short comics that were made when they were in college. I do not like the lack of plot or continuity. Seems to be more of a niche where people just like tank girl being a bad a##.
