The Crucifixion: Understanding The Death Of Jesus Christ

Synopsis

Though the apostle Paul boldly proclaimed "Christ crucified" as the heart of the gospel, Fleming Rutledge notes that preaching about the cross of Christ is remarkably neglected in most churches today. In this book Rutledge addresses the issues and controversies that have caused pastors to speak of the cross only in the most general, bland terms, precluding a full understanding and embrace of the gospel by their congregations. Countering our contemporary tendency to bypass Jesus' crucifixion, Rutledge in these pages examines in depth all the various themes and motifs used by the New Testament evangelists and apostolic writers to explain the meaning of the cross of Christ. She mines the classical writings of the Church Fathers, the medieval scholastics, and the Reformers as well as more recent scholarship, while bringing them all into contemporary context. Widely known for her preaching, Rutledge seeks to encourage preachers, teachers, and anyone else interested in what Christians believe to be the central event of world history.

Remember those days when women couldn't preach or write books of their own sermons? Amazing, what they do today! Fleming Rutledge is one of those women who has been given freedom to both preach and provide collections of her sermons. She is a well-known Episcopal priest, and preacher throughout North America and the UK. Rutledge has a new book, *The Crucifixion, Understanding the Death of Jesus Christ*---from Eerdmans. Her books have been appreciated across denominational lines and this one will be no exception. But this one is different,

It's not sermons, but it's about Jesus. Among Rutledge's goals for this book are to "expand the discussion about what happened on the cross of Christ" and "to encourage the return of that subject to the center of Christian proclamation." She has designed her book for "potential readers, both lay and ordained, Catholic and Protestant, and for members of all denominations." She doesn't want to leave anyone out and she does have in mind "busy pastors, lay people who want to understand their faith better, seminary students, and especially those who are 'drawn to the figure on the cross,'" but are not sure what to believe about him. Her book has two parts. Part 1 is called The Crucifixion, and sections are on the primacy of the Cross, godlessness, questions of justice, a special section on Anselm and his story for our time, and finally the gravity of sin. Part 2 is called The Biblical Motifs and she discusses many phrases, dominant ideas, and central themes and how those who were there interacted, and some later wrote what they were feeling and thinking about Christ on the cross.
