Understanding Catholic Christianity: (Student Text)

Synopsis

As young teens begin to understand the rich heritage of Catholicism, they need a text that engages them at their stage of life. The one- or two-semester course Understanding Catholic Christianity offers a comprehensive overview of Catholicism for ninth graders that gives these teens a foundation in their religion. Through engaging stories, writings by teens, and inspiring original artwork, the material in this course comes alive for students. This extensively revised edition of Understanding Catholic Christianity was developed using the Catechism of the Catholic Church, and covers topics that include faith, the adolescent, the Jewish roots of Catholic Christianity, Jesus Christ's life, ministry, death, and Resurrection, the sacraments and the liturgical year, and spirituality and prayer. Awards: Understanding Catholic Christianity was awarded second place in the category of Educational Books by the Catholic Press Association in 1997. It also won the 1997 Certificate of Merit for the Premier Print Award from the Printing Industries of America. Chosen from thousands of entries, the Premier Print Award goes to those firms who demonstrate a unique ability to create visual masterpieces.

Customer Reviews

As a student at a Catholic school I've had to read this for my religion class. I am not a Catholic and I found that this book gave me a good understanding of the Catholic faith, hence the title of the book, but I also found that it focused a lot on developing and understanding you (me) an individual and that its purpose was not to try to convert me to the Catholic religion.

First of all, this book is NOT on the recommended list of formation books that has been put out by the US Bishops even though it is widely used by many catholic schools. Even though its doctrine is sound, its approach to teaching our faith may be confusing to teens. It has a "we understand what it is like to be a teen" mentality. My teen is using it at school and is constantly uncomfortable by the insinuations in the book that a teen should be having a crisis in their faith at this age. This book presents the catholic faith as "just another suggestion."

When I was in my ninth grade year we were required to read this book. Reading it helped me to understand more about my Catholic faith. It helped me through my early teenage years and the start of a new school by presenting stories and quotes from other people. I highly recommend that you buy/ read this book!

This is a required text book for my son's school. Not much I know about it but it's been the text book used at my son's school for quite sometime.

bought this for a siblings course requirement. does what it needs too. this was a good purchase at a reasonable price.

My daughter needed this book for her religion class. She says the book has been helpful.

This was a required 'school' book. The timing and the quality of the book were just fine.

was good for me.
