## Customer Reviews

If your child loves sports this a great book. A little too short for my taste for the price you pay, but a great way of teaching your kids about good sportsmanship. Would love to see these books being offered as a collection.

these sports series are great. Wish they would make them like 2 chapters longer or introduce the next level up for the kids who aren't quite ready for the thicker chapter books

My 9 year old loves football. He enjoyed the book a lot even though it's not about playing football. He read it at least 3 times

My sons loved this book. My 8 year old isn't so excited about reading, but loves football, so he really loved this book!
