## Customer Reviews

This is a clever right-after-learning-the-basics easy reading book. I especially like the way all the stories come together in the final chapter. My students are delighted to notice all the references to early stories, which means "they're thinking!" At the risk of being sexist, more for those kids who like girlish books. Which would include a few of my boys.

We have read both "Ling & Ting: Twice as Silly" and "Ling & Ting: Not Exactly the Same." My sons are first-graders (twins also) and find these books hilarious. They like me to read to them but can also read these books themselves. Both books are very charming and funny and just clever. I, as an

adult, enjoy them as much as my kids do. Each chapter is its own little story that ends with a clever joke, but then the last chapter brings the entire book together. Really fun books.

We have all the Ling and Ting books. I highly recommend them for boys and girls. This newest book has lots of silly jokes and puns. My 1st grade son loved reading it to me, and the book is designed perfectly so that the punchline is on a separate page - very rewarding for the reader that the joke is not spoiled too early! The artwork is beautiful and full of humor. Ling and Ting books are cleverly written early readers that introduce and repeat words, but in wonderful stories that hold up to many readings.

Fun books to help young ones learn to read. It captures their imaginations!
