# Little Houses: A Counting Book

## Synopsis

Learn to count from one to ten with little houses around the world! Visit a variety of charming little houses around the world - right the way from one Scottish crofter's cottage to ten terraced houses beside a canal in Amsterdam. Created by talented papercut artist Helen Musselwhite, each beautiful scene has lots of details to spot and count together. Also includes fun facts about each type of house for extra spotting fun.

## Customer Reviews

This book is adorable. There is one number and scene on each page. For instance, TWO has two houses, two birds, two trees, two clouds, etc. The illustrations are awesome and both my 2 and 3 year old love this book.

My daughter is 17 months and loves this book! Beautiful art on each page. She loves animals and counting so this book is great. Animals on most pages. And same number of animals, plants, etc on the page so you can count more than just houses. I think it will grow with her well.

Perfect for baby/toddlers of parents in design field

Wonderful artwork. The children in my preschool classrooms loved counting the homes and talking about all the illustrations on the pages. Absolutely beautiful artwork on each page.

Love the art style
