Age Range: 10 and up

Grade Level: 5 and up

Customer Reviews

Fundamental Tennis How to play tennis This book is about how you go and play tennis. The first part of the book is about how the game got started. Then you have the basic parts of tennis. After that they tell you what singles and doubles are. You have to get lots of practice if you are going to get good at the game. If I could go rate this book from 1-5 I would rate it a five. Tennis is my favorite sport and this book has lots of information about it. It gives you lots of tips on how to play better. More people would play tennis and would be better if they read this book
