Customer Reviews

I bought the book for my son thinking he would like it since he was a big Messi fan, but as soon as he started to read he immediately fell in love with it!!! We also got it for one of his friends who adored it.

My son (8 years old) was very excited to receive this book. He loves Messi and looks at the book all the time. FYI - It's not the story of Messi per-se. It's mostly tidbits of information and facts about Messi throughout his life.

My son is a soccer player and hence a soccer aficionado. He's enjoyed the book and the style of how it's written. It isn't a chapter book but rather filled with photographs and facts throughout. I didn't read the measurements of the book when I ordered...it's big!

Great book for a young soccer player. My son is 7 and he can read it by himself. He kind of picks

and chooses what parts to read but it holds his interest and he loves the pictures. For any kid who loves Messi, this is a must!

Really a great book. My 10 yearold loves it. Very current too is it covers 2014 world cup
