When Heaven Invades Earth

Synopsis

This book is a faith builder. It challenges every believer to walk in supernatural signs and wonders as a natural part of everyday life. ---John Arnott Anyone can walk in the miraculous---even you! If you've ever wanted to live and walk in the supernatural power of God, here's your chance! It is truly possible for human people to walk in the divine, and Christ came to show us the way. It is by rediscovering our true identity in Him that we can begin to move into the promises of God regarding the miraculous. Bill Johnson not only teaches the supernatural, he imparts it by changing the way we think. If you are not walking in the miraculous, you're living far below your birthright! By laying a carefully constructed biblical foundation for walking in the supernatural power of God, *When Heaven Invades Earth* provides all the equipment you need to experience miracles every day.

To those who would contend that the teaching in this book is false, the Kingdom of God is not ultimately set up to appeal to the human intellect, but to point back to the Father, whose system of logic transcends ours. Many of the actions Jesus took when He walked the earth were intended to offend the natural mind of the Pharisees. "The Kingdom of God is foolishness to those who are perishing, but to those who are being saved it is the power of God, to the pulling down of strongholds." When we place total reliance on the teachings of others in lieu of an individual Spirit-led understanding of the Scriptures, we unknowingly adopt the same attitude the Israelites took on when they chose to let Moses discern God's voice for them. Is this to say that we should

abandon our historical understanding of Scripture? No. It is to say that theology is merely a human guide for understanding the Scriptures and not intended to replace the study of them. The Holy Spirit is the One the Father has ordained to bring the written word to life, and it is the inspiration (or breath, if you will) of God through the Spirit (rhema) that brings the understanding of the written word (logos). (Incidentally, the Greek word for "word" when describing the sword of the Spirit in Ephesians 6 is "rhema," not "logos.") As a Charismatic believer (if that is cultic to some, I'm sorry you feel that way), even I had to mull over much of what Bill Johnson wrote in this book. I was especially caught off guard with the statement, "Most people repent enough to get saved, but not enough to see the Kingdom."
