Age Range: 4 - 7 years

Grade Level: Preschool - 2

Customer Reviews

This book is utter trash. I was hoping for something that actually taught me something about how wheat becomes bread. It consists of a picture of a combine harvester telling me that wheat is grown and harvested. Then it shows flour followed by flour into bread. I think my Richard Scary books from age five taught me more about wheat becoming bread.

The book has library stamps throughout and a shelving label on the spine. The pages are otherwise in good shape.
